Subject Index to Volumes 15 and 16

Please Note that A refers to Volume 15 and B refers to Volume 16.

ACCULTURATIVE STRESSES

Weight changes and eating attitudes of Japanese adolescents under acculturative stresses: A prospective study, Furukawa, 71A

ADOLESCENCE

Anorexia nervosa in an adolescent with early profound deafness, Touyz et al., 411B

Body weight and dieting in adolescence: Impact of socioeconomic status, Drewnowski et al., 61B

Dieting, binge eating, and some of their correlates among secondary school girls, Huon, 159A

Eating attitudes among Asian schoolgirls: The role of perceived parental control, Ahmad et al., 91A

Eating attitudes in urban and suburban adolescents, Fisher et al., 67B

Factors associated with eating disorder symptoms in a community sample of 6th and 7th grade girls, Killen et al., 357A

Heart rate power spectrum analysis of autonomic dysfunction in adolescents with anorexia nervosa, Kreipe et al., 159B

Normative developmental challenges and dieting and eating disturbances in middle school girls, Levine et al., 11A

Preliminary study of eating disorders among French female adolescents and young adults, Tordjman et al., 301B

Pursuit of thinness an onset of eating disorder symptoms in a community sample of adolescent girls: A three-year prospective analysis, Killen et al., 227B

Weight changes and eating attitudes of Japanese adolescents under acculturative stresses: A prospective study, Furukawa, 71A

ALCOHOLISM

Bulimia nervosa with and without alcoholism: A comparative study in Japan, Suzuki et al., 137B

AMENORRHEA

Amenorrhea in anorexia nervosa—Neuroendocrine control of hypothalamic dysfunction, Golden and Shenker, 53B

ANOREXIA NERVOSA

Amenorrhea in anorexia nervosa—Neuroendocrine control of hypothalamic dysfunction, Golden and Shenker, 53B

Anorexia nervosa in an adolescent with early profound deafness, Touyz et al., 411B

Anorexia nervosa and tuberculosis: Case reports and a review of immune mechanisms, Gupta and Sivakumar, 301A

Bone marrow hypoplasia in anorexia nervosa: A case report, Bailly et al., 97B

Case study of the effects of prolonged and severe anorexia nervosa on bone mineral density, Kotler et al., 395A

International Journal of Eating Disorders, Vol. 16, No. 4, 429–439 (1994)
© 1994 by John Wiley & Sons, Inc.
CCC 0276–3478/94/040429–11

Clinical presentation of anorexia nervosa in males: 24 new cases, Sharp et al., 125A

Controlled trial of zinc supplementation in anorexia nervosa, Birmingham et al., 251A

Convergent validity of the eating disorder inventory and the anorexia nervosa inventory for self-rating in an Austrian nonclinical population, Rathner and Rumpold, 381B

Excessive physical activity in dieting disorder patients: Proposals for a supervised exercise program, Beumont et al., 21A

Heart rate power spectrum analysis of autonomic dysfunction in adolescents with anorexia nervosa, Kreipe et al., 159B

Implications of a diagnosis of anorexia nervosa in a ballet school, le Grange et al., 369A

An infant with cystic fibrosis and a mother with an eating disorder: A difficult combination, Stein and Fairburn, 93B

Melatonin disturbances in anorexia nervosa and bulimia nervosa, Kennedy, 257B

Neuromyopathic complications in a patient with anorexia nervosa and vitamin C deficiency, Woodruff et al., 205B

Nutritional disorder of anorexia nervosa: A review, Rock and Curran-Celentano, 187A

Outcome of outpatient psychotherapy in a random allocation treatment study of anorexia nervosa, Gowers et al., 165A

Polyglandular autoimmune syndrome and anorexia nervosa, Kam et al., 101B

Preliminary study of eating disorders among French female adolescents and young adults, Tordjman et al., 301B

Qualitative analysis and eating disorders: Discourse analytic research on anorexia nervosa, Hepworth, 179A

Redefining the psychosomatic family: Family process of 26 eating disorder families, Dare et al., 211B

Resting metabolic rate and total energy expenditure in acute and weight recovered patients with anorexia nervosa and in healthy young women, Platte et al., 45B

Selective processing of food and body size words: Application of the Stroop test with obese restrained eaters, anorexics, and normals, Long et al., 279A

Total body nitrogen as a predictor of clinical status in anorexia nervosa, Russell et al., 275A

Treatment of childhood sexual abuse in anorexia nervosa and bulimia nervosa: A feminist psychodynamic approach, Kearney-Cooke and Striegel-Moore, 305A

ANOREXIA NERVOSA INVENTORY

Convergent validity of the eating disorder inventory and the anorexia nervosa inventory for self-rating in an Austrian nonclinical population, Rathner and Rumpold, 381B

ANTHROPOMETRY

The influence of body fat content and bone diameter measurements on body dissatisfaction in adult women, Davis et al., 257A

ANTIDEPRESSANTS

A double-blind placebo-controlled comparison of phenelzine and imipramine in the treatment of bulimia in atypical depressives, Rothschild et al., 1A

ASIAN ADOLESCENTS

Eating attitudes among Asian schoolgirls: The role of perceived parental control, Ahmad et al., 91A

ASSESSMENT

Assessment of eating disorders: Interview or self-report questionnaire?, Fairburn and Beglin, 363B

BALLET STUDENTS

Implications of a diagnosis of anorexia nervosa in a ballet school, le Grange et al., 369A

BILIOPANCREATIC DIVERSION

Eating disorder inventory in the assessment of psychosocial status in the obese patients prior to and at long term following biliopancreatic diversion for obesity, Adami et al., 265A

BINGE EATING

Assessment if diagnostic features of bulimia nervosa: Interview versus self-report format, Loeb et al., 75B

Binge eating antecedents in normal-weight nonpurging females: Is there a consistency?, Grilo et al., 239B

Binge eating disorder and the proposed DSM-IV criteria: Psychometric analysis of the questionnaire of eating and weight patterns, Nangle et al., 147B

Binge eating disorder, weight cycling, and psychopathology, Kuehnel and Wadden, 321A

Dieting, binge eating, and some of their correlates among secondary school girls, Huon, 159A

Eating related and general psychopathology in obese females with binge eating disorder, de Zwaan et al., 43A

Factors associated with eating disorder symptoms in a community sample of 6th and 7th grade girls, Killen et al., 357A

Impulsivity ratings in bulimia nervosa: Relationship to binge eating behaviors, Wolfe et al., 289A

Instability of restraint among clinical binge eaters: A methodological note, Eldredge and Agras, 285A

The last supper: Emotional determinants of pretreatment weight fluctuation in obese binge eaters, Eldredge et al., 83B

Obesity, binge eating and psychopathology: Are they related?, Telch and Agras, 53A

Recorded food intake of obese women with binge eating disorder before and after weight loss, Yanovski and Sebring, 135A

Repeated binge/purge cycles in bulimia nervosa: Role of glucose and insulin, Johnson et al., 331A

Review of nocturnal sleep-related eating disorders, Schenck and Mahowald, 343A

Sexual orientation as a factor in risk for binge eating and bulimia nervosa: A review, Heffernan, 335B

BODY DISSATISFACTION

Body fat distribution and perception of desirable female body shape by young black men and women, Singh, 289B

Body size estimation and body dissatisfaction in eating disorder patients and normal controls, Fernandez et al., 307B

Ideal female body shape: Role of body weight and waist-to-hip ratio, Singh, 283B

The influence of body fat content and bone diameter measurements on body dissatisfaction in adult women, Davis et al., 257A

Towards the prevention of dieting-induced disorders: Modifying negative food- and body-related attitudes, Huon, 395B

Waist-to-hip ratio and body dissatisfaction among college women and

men: Moderating role of depressed symptoms and gender, Joiner et al., 199B

BODY IMAGE

Body fat distribution and perception of desirable female body shape by young black men and women, Singh, 289B

Body image changes over the menstrual cycle in normal women, Carr-Nangle et al., 267B

Body size estimation and body dissatisfaction in eating disorder patients and normal controls, Fernandez et al., 307B

Cross-cultural differences in the evaluation of male and female body shapes, Furnham and Baguma, 81A

Factor analysis of multiple measures of body image disturbance: Are we all measuring the same construct?, Thompson et al., 311B

Ideal female body shape: Role of body weight and waist-to-hip ratio, Singh, 283B

BODY ORIENTATION

Body fat distribution and perception of desirable female body shape by young black men and women, Singh, 289B

Body size estimation and body dissatisfaction in eating disorder patients and normal controls, Fernandez et al., 307B

From the Cleavers to the Clintons: Role choices and body orientation as reflected in magazine article content, Nemeroff et al., 167B

Ideal female body shape: Role of body weight and waist-to-hip ratio, Singh, 283

BONE MARROW HYPOPLASIA

Bone marrow hypoplasia in anorexia nervosa: A case report, Bailly et al., 97B

BONE MINERAL DENSITY

Case study of the effects of prolonged and severe anorexia nervosa on bone mineral density, Kotler et al., 395A

BULIMIA NERVOSA

Assessment of diagnostic features of bulimia nervosa: Interview versus self-report format, Loeb et al., 75B

Bulimia nervosa with and without alcoholism: A comparative study in Japan, Suzuki et al., 137B

Childhood sexual, physical, and psychological abuse and their relationship to comorbid psychopathology in bulimia nervosa, Rorty et al., 317B

Dissociation, childhood trauma, and the response to fluoxetine in bulimic patients, McCarthy et al., 219A

A double-blind placebo-controlled comparison of phenelzine and imipramine in the treatment of bulimia in atypical depressives, Rothschild et al., 1A

Emergence of bulimia nervosa as a separate diagnostic entity: Review of the literature from 1960 to 1979, Vandereycken, 105B

Factors associated with eating disorder symptoms in a community sample of 6th and 7th grade girls, Killen et al., 357A

Hypercholesterolemia in bulimia nervosa, Vize and Coker, 293A

Impulsivity ratings in bulimia nervosa: Relationship to binge eating behaviors, Wolfe et al., 289A

Melatonin disturbances in anorexia nervosa and bulimia nervosa, Kennedy, 257B

Onset of bulimia nervosa in a 64-year-old woman, Coker, 89B

Open trial of fluvoxamine in the treatment of bulimia nervosa, Ayuso-Gutierrez et al., 245A

Preliminary study of eating disorders among French female adolescents and young adults, Tordjman et al., 301B

Prognostic indicators in bulimia nervosa treated with cognitive–behavioral group therapy, Blouin et al., 113A

Relationships between bulimia, childhood sexual abuse, and family environment, Hastings and Kern, 103A

Repeated binge/purge cycles in bulimia nervosa: Role of glucose and insulin, Johnson et al., 331A

Seasonal fluctuations in mood and eating behavior in bulimia nervosa, Levitan et al., 295B

Self-help for bulimia nervosa: A preliminary report, Cooper et al., 401B

Self-induced abortion in a bulimic woman, Bulik et al., 297A

Sexual abuse histories among treatment-resistant bulimia nervosa patients, Gleaves and Eberenz, 227A

Sexual orientation as a factor in risk for binge eating and bulimia nervosa: A review, Heffernan, 335B

Treatment of childhood sexual abuse in anorexia nervosa and bulimia nervosa: A feminist psychodynamic approach, Kearney-Cooke and Striegel-Moore, 305A

CHILDHOOD TRAUMA

Childhood sexual, physical, and psychological abuse and their relationship to comorbid psychopathology in bulimia nervosa, Rorty et al., 317B

Dissociation, childhood trauma, and the response to fluoxetine in bulimic patients, McCarthy et al., 219A

Relationships between bulimia, childhood sexual abuse, and family environment, Hasting and Kern, 103A

Treatment of childhood sexual abuse in anorexia nervosa and bulimia nervosa: A feminist psychodynamic approach, 305A

CHILDREN

Childhood sexual, physical, and psychological abuse and their relationship to comorbid psychopathology in bulimia nervosa, Rorty et al., 317B

Child and parent factors that influence psychological problems in obese children, Epstein, et al., 151A

Psychometric properties of the children's eating attitudes test, Smolak and Levine, 275B

CHOLECYSTOKININ

Satiety and cholecystokinin, Pirke et al., 63A

COGNITIVE–BEHAVIORAL THERAPY

Prognostic indicators in bulimia nervosa treated with cognitive–behavioral group therapy, Blouin et al., 113A

COLLEGE STUDENTS

Waist-to-hip ratio and body dissatisfaction among college women and men: Moderating role of depressed symptoms and gender, Joiner et al., 199B

COMMUNICATION

Anorexia nervosa in an adolescent with early profound deafness, Touyz et al., 411B

COMORBIDITY

Childhood sexual, physical, and psychological abuse and their relationship to comorbid psychopathology in bulimia nervosa, Rorty et al., 317B

Comorbidity of eating disorders and substance abuse. Review of the literature, Holderness et al., 1B

CONSTRUCT VALIDITY

Construct validity of the three-factor eating questionnaire: flexible and rigid control subscales, Shearin et al., 187B

CROSS-CULTURAL DIFFERENCES

Cross-cultural differences in the evaluation of male and female body shapes, Furnham and Baguma, 81A

DEFENSE STYLE QUESTIONNAIRE (DSQ)

Defense style in women with eating disorders, Sullivan et al., 251B

DEPRESSION

A double-blind placebo-controlled comparison of phenelzine and imipramine in the treatment of bulimia in atypical depressives, Rothschild et al., 1A

Waist-to-hip ratio and body dissatisfaction among college women and men: Moderating role of depressed symptoms and gender, Joiner, Jr. et al., 199B

DIAGNOSTIC SYSTEM

Diagnoses of eating or dieting disorders: What may we learn from past mistakes?, Beumont et al., 349B

DIETARY RESTRAINT

Construct validity of the three-factor eating questionnaire: Flexible and rigid control subscales, Shearin et al., 187B

Instability of restraint among clinical binge eaters: A methodological note, Eldredge and Agras, 285A

DISSOCIATION

Dissociation, childhood trauma, and the response to fluoxetine in bulimic patients, McCarthy et al., 219A

DSM-IV CRITERIA

Binge eating disorder and the proposed DSM-IV criteria: Psychometric analysis of the questionnaire of eating and weight patterns, 147B

D_2 DOPAMINE RECEPTOR GENE

D_2 dopamine receptor gene and obesity, Noble et al., 205A

EATING ATTITUDES

Eating attitudes among Asian schoolgirls: The role of perceived parental control, Ahmad et al., 91A

Eating attitudes in urban and suburban adolescents, Fisher et al., 67B

Weight changes and eating attitudes of Japanese adolescents under acculturative stresses: A prospective study, Furukawa, 71A

EATING DISORDER INVENTORY

Convergent validity of the eating disorder inventory and the anorexia nervosa inventory for self-rating in an Austrian nonclinical population, Rathner and Rumpold, 381B

Eating disorder inventory in the assessment of psychosocial status in the obese patients prior to and at long term following biliopancreatic diversion for obesity, Adami et al., 265A

An examination of the internal consistency and factor structure of the eating disorder inventory-2 in a clinical sample, Eberenz and Gleaves, 371B

Validation of the eating disorders inventory in a nonclinical population

using transformed and untransformed responses, Schoemaker et al., 387A

EXERCISE

Excessive physical activity in dieting disorder patients: Proposals for a supervised exercise program, Beumont et al., 21A

FAMILY ENVIRONMENT

Redefining the psychosomatic family: Family process of 26 eating disorder families, Dare et al., 211B

Relationships between bulimia, childhood sexual abuse, and family environment, Hastings and Kern, 103A

FLUOXETINE

Dissociation, childhood trauma, and the response to fluoxetine in bulimic patients, McCarthy et al., 219A

FLUVOXAMINE

Open trial of fluvoxamine in the treatment of bulimia nervosa, Ayuso-Gutierrez et al., 245A

GRAZING

Preliminary study of eating disorders among French female adolescents and young adults, Tordjman et al., 301B

HEART RATE

Heart rate power spectrum analysis of autonomic dysfunction in adolescents with anorexia nervosa, Kreipe et al., 159B

HEREDITY

D_2 dopamine receptor gene and obesity, Noble et al., 205A

HYPERACTIVITY

Excessive physical activity in dieting disorder patients: Proposals for a supervised exercise program, Beumont et al., 21A

HYPERCHOLESTEROLEMIA

Hypercholesterolemia in bulimia nervosa, Vize and Coker, 293A

HYPEROREXIA NERVOSA

Hyperorexia nervosa (1976), Ziolko, 133B

HYPERPHAGIA

About a particular type of oral perversion in the female: Hyperphagia followed by vomiting, Doerr-Zegers, 117B

HYPOTHALAMIC DYSFUNCTION

Amenorrhea in anorexia nervosa—Neuroendocrine control of hypothalamic dysfunction, Golden and Shenker, 53B

IMPULSIVITY

Impulsivity ratings in bulimia nervosa: Relationship to binge eating behaviors, Wolfe et al., 289A

JAPANESE ADOLESCENTS

Weight changes and eating attitudes of Japanese adolescents under acculturative stresses: A prospective study, Furukawa, 71A

MEDIA TRENDS

From the Cleavers to the Clintons: Role choices and body orientation as reflected in magazine article content, Nemeroff et al., 167B

MELATONIN

Melatonin disturbances in anorexia nervosa and bulimia nervosa, Kennedy, 257B

MENSTRUAL CYCLE

Body image changes over the menstrual cycle in normal women, Carr-Nangle et al., 267B

NEUROMYOPATHIC COMPLICATIONS

Neuromyopathic complications in a patient with anorexia nervosa and vitamin C deficiency, Woodruff et al., 205B

NEUROTIC PATIENTS

Hyperorexia nervosa (1976), Ziolko, 133B

NOCTURNAL SLEEP-RELATED EATING DISORDERS

Review of nocturnal sleep-related eating disorders, Schenck and Mahowald, 343A

NONCLINICAL POPULATION

Validation of the eating disorders inventory in a nonclinical population using transformed and untransformed responses, Schoemaker et al., 387A

NUTRITIONAL DISORDER

Nutritional disorder of anorexia nervosa: A review, Rock and Curran-Celentano, 187A

OBESITY

Changes in eating inventory scores following obesity treatment, Clark et al., 401A

Child and parent factors that influence psychological problems in obese children, Epstein et al., 151A

Comparison of energy expenditure in normal-weight and overweight women using the Caltrac Personal Activity ComputerR, Rutter, 37A

D_2 dopamine receptor gene and obesity, Noble et al., 205A

Eating disorder inventory in the assessment of psychosocial status in the obese patients prior to and at long term following biliopancreatic diversion for obesity, Adami et al., 265A

Eating related and general psychopathology in obese females with binge eating disorder, de Zwaan et al., 43A

The last supper: Emotional determinants of pretreatment weight fluctuation in obese binge eaters, Eldredge et al., 83B

Obesity, binge eating and psychopathology: Are they related?, Telch and Agras, 53A

Recorded food intake of obese women with binge eating disorder before and after weight loss, Yanovski and Sebring, 135A

Review of nocturnal sleep-related disorders, Schenck and Mahowald, 343A

Selective processing of food and body size words: Application of the Stroop test with obese restrained eaters, anorexics, and normals, Long et al., 279A

ORAL PERVERSION

About a particular type of oral perversion in the female: Hyperphagia followed by vomiting, Doerr-Zegers, 117B

ORGANIC FEEDING PROBLEMS

An infant with cystic fibrosis and a mother with an eating disorder: A difficult combination, Stein and Fairburn, 93B

OUTPATIENT PSYCHOTHERAPY

Outcome of outpatient psychotherapy in a random allocation treatment study of anorexia nervosa, Gowers et al., 165A

PARENTAL ATTITUDES

Body weight and dieting in adolescence: Impact of socioeconomic status, Drewnowski et al., 61B

Exploring parents' attitudes and behaviors about their children's physical appearance, Striegel-Moore and Kearney-Cooke, 377A

PARENTAL CONTROL

Eating attitudes among Asian schoolgirls: The role of perceived parental control, Ahmad et al., 91A

PERSONALITY DISORDERS

Five-year outcome from eating disorders: Relevance of personality disorders, Wonderlich et al., 233A

PLACEBOS

A double-blind placebo-controlled comparison of phenelzine and imipramine in the treatment of bulimia in atypical depressives, Rothschild et al., 1A

POLYGLANDULAR AUTOIMMUNE SYNDROME

Polyglandular autoimmune syndrome and anorexia nervosa, Kam et al., 101B

PREGNANCY

Self-induced abortion in a bulimic woman, Bulik et al., 297A

PROGNOSTIC INDICATORS

Prognostic indicators in bulimia nervosa treated with cognitive–behavioral group therapy, Blouin et al., 113A

PSYCHOPATHOLOGY

Binge eating disorder, weight cycling, and psychopathology, Kuehnel and Wadden, 321A

Childhood sexual, physical, and psychological abuse and their relationship to comorbid psychopathology in bulimia nervosa, Rorty et al., 317B

Eating related and general psychopathology in obese females with binge eating disorder, de Zwaan et al., 43A

Obesity, binge eating and psychopathology: Are they related?, Telch and Agras, 53A

PSYCHOSOCIAL STATUS

Eating disorder inventory in the assessment of psychosocial status in the obese patients prior to and at long term following biliopancreatic diversion for obesity, Adami et al., 265A

PSYCHOTHERAPY

Outcome of outpatient psychotherapy in a random allocation treatment study of anorexia nervosa, Gowers et al., 165A

QUALITATIVE ANALYSIS

Qualitative analysis and eating disorders: Discourse analytic research on anorexia nervosa, Hepworth, 179A

RESTING METABOLIC RATE

Resting metabolic rate and total energy expenditure in acute and weight recovered patients with anorexia nervosa and in healthy young women, Platte et al., 45B

SATIETY

Satiety and cholecystokinin, Pirke et al., 63A

SEASONALITY

Seasonal fluctuations in mood and eating behavior in bulimia nervosa, Levitan et al., 295B

SELF-HELP PROGRAM

Self-help for bulimia nervosa: A preliminary report, Cooper et al., 401B

SELF-INDUCED ABORTION

Self-induced abortion in a bulimic woman, Bulik et al., 297A

SEXUAL ABUSE

Childhood sexual, physical, and psychological abuse and their relationship to comorbid psychopathology in bulimia nervosa, Rorty et al., 317B

Relationships between bulimia, childhood sexual abuse, and family environment, Hastings and Kern, 103A

Sexual abuse histories among treatment-resistant bulimia nervosa patients, Gleaves and Eberenz, 227A

Treatment of childhood sexual abuse in anorexia nervosa and bulimia nervosa: A feminist psychodynamic approach, Kearney-Cooke and Striegel-Moore, 305A

SEXUAL ORIENTATION

Sexual orientation as a factor in risk for binge eating and bulimia nervosa: A review, Heffernan, 335B

SMOKING

Examination of the use of smoking for weight control in restrained and unrestrained eaters, Ogden and Fox, 177B

SOCIOECONOMIC STATUS

Body weight and dieting in adolescence: Impact of socioeconomic status, Drewnowski et al., 61B

SOMATOSTATIN

Somatostatin in eating disorders, Pirke et al., 99A

STIRLING EATING DISORDER SCALES

Development and validation of the Stirling Eating Disorder Scales, Williams et al., 35B

STROOP COLOR NAMING PARADIGM

Selective processing of food and body size words: Application of the Stroop test with obese restrained eaters, anorexics, and normals, Long et al., 279A

SUBSTANCE ABUSE

Comorbidity of eating disorders and substance abuse review of the literature, 1B

THERAPEUTIC ALLIANCE

Therapeutic alliance on an inpatient unit for eating disorders, Gallop et al., 405B

TOTAL BODY NITROGEN

Total body nitrogen as a predictor of clinical status in anorexia nervosa, Russell et al., 275A

TOTAL ENERGY EXPENDITURE

Comparison of energy expenditure in normal-weight and overweight women using the Caltrac Personal Activity ComputerR, Rutter, 37A

Resting metabolic rate and total energy expenditure in acute and weight recovered patients with anorexia nervosa and in healthy young women, Platte et al., 45B

TUBERCULOSIS

Anorexia nervosa and tuberculosis: Case reports and a review of immune

mechanisms, Gupta and Sivakumar, 301A

VITAMIN C DEFICIENCY

Neuromyopathic complications in a patient with anorexia nervosa and vitamin C deficiency, Woodruff et al., 205B

WAIST-TO-HIP RATIO

Waist-to-hip ratio and body dissatisfaction among college women and men: Moderating role of depressed symptoms and gender, Joiner, Jr. et al., 199B

WEIGHT CYCLING

Binge eating disorder, weight cycling, and psychopathology, Kuehnel and Wadden, 321A

ZINC SUPPLEMENTATION

Controlled trial of zinc supplementation in anorexia nervosa, Birmingham et al., 251A
